

Research Assignment Topic

Mackenzie James

Due: 2/25/20

Project Topic and Questions

Project Header: MW/M31 Galaxy Major Merger Remnant

I am interested in both of the following topics/research questions:

1. Kinematic Evolution of the Bulge and Disk- how well is the remnant described as a classical elliptical galaxy?
2. Density Profile Evolution of the Bulge and Disk - again, how well is the remnant described as a classical elliptical galaxy?
